John Paul Wilson and Nicholas O. Rule

Research Report

Lady in Red: Hormonal Predictors of Women’s Clothing Choices
Adar B. Eisenbruch, Zachary L. Simmons, and James R. Roney

Articles accepted on or after January 1, 2014, are eligible to earn the following badges:

- Open Data: All digitally shareable data necessary to reproduce the reported results have been made available in a public, open-access repository.
- Open Materials: All digitally shareable materials necessary to reproduce the reported methodology have been made available in a public, open-access repository.
- Preregistered: The design and analysis plan for the reported research were preregistered in a public, open-access repository. TC (Transparent Changes) indicates that the analysis plan was altered but the preregistered analyses and rationale for change have been provided; DE (Data Exist) indicates that registration postdates realization of the outcomes but predates analysis.
